Rebuilding Lives, Restoring Hope

MYYWEA.COM

## WHY PHILIPPINES?

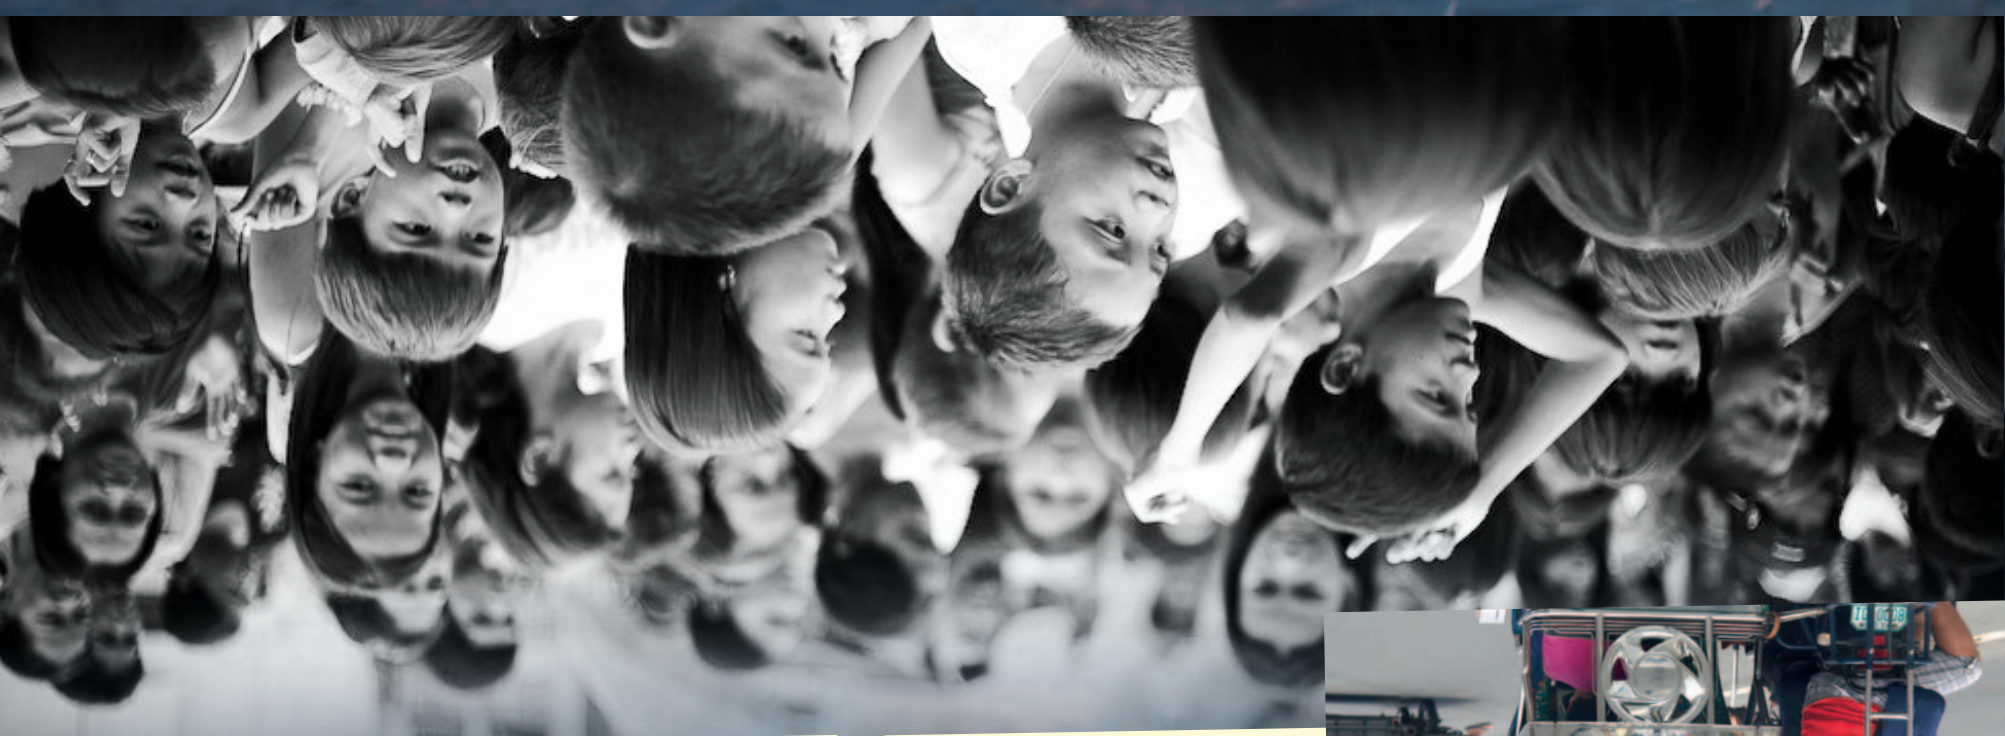

YWWEA 2016 will focus on the beautiful people of the Philippine Islands. Young people throughout the world will support causes that demonstrate the love of Christ and the mission of the church. The Philippines are a collection of 700 inhabited islands, home to nearly 100 million people. They live in places like Greater Manila, where nearly 12 million reside among high rises and struggle amidst some of the most horrific traffic in the world. Many of these people live in small rural villages high in the mountains where no roads exist. The Church of God sent missionaries into the Philippines at the close of World War II and today has over 700 local congregations. These churches range in size from tiny bamboo structures to the \$43,000 in a prominent Manila location that is valued at more than 10 times its cost. In 1983 & 1984, additional projects helped establish a youth missions training center and the Asian Seminary. Both of these projects have been fruitful and made an indelible impact for the Kingdom.
