## **What An Amazing Camp Meeting**

As I sit here today and reflect on Camp Meeting 2019, all I can say is “it was one of the most dynamic meetings I have ever been a part of.” The dynamic worship during our praise and singing was way beyond the norm and done with excellence. Every message was not just inspirational but I believe a direct word from the Lord to us. God is definitely up to something here in our wonderful state and we must not allow this time to pass without being sensitive to what He is saying.

I want to encourage each of you who are reading this article to take time and seek the face of God and hear from Him. As we experienced the presence of our Lord during Camp Meeting, I want that same presence to permeate every church here in West Virginia. Revival time is now, not somewhere way off in the future. If we are going to see change in our nation and the world, it must first begin in each of us who profess that we are Bible instructed, Jesus following and Holy Spirit empowered believers who will not settle for anything less than the genuine presence of the Lord. I am believing for the miraculous to take place in our local churches.

Reports are coming in all across the nation of how dynamic the Camp Meetings have been this year. I believe it is time to see the fulfillment of the promises God has made and I want to be right in the middle of His moving. My prayer is for the Lord to use whomever He desires, including me. I make myself available to Him and want to hear His voice speak clearly into my spirit. I also want to be so sensitive to His moving that when He walks in and says, “I will take it from here”, – I just back away and let Him have control regardless what is on the schedule.

I am calling on the Church of God in West Virginia to enter the house of the Lord with praise on your lips, a song in your heart, a desire to seek Him above everything else, and honor the presence of the Lord with such reverence that He will feel welcome. Remember, we were instructed to prepare a habitation for His Glory. Lord, show us ‘Your Glory’, one more time. May the Shekinah Glory so fill our houses of worship that no one who is present will be able to stand but rather fall on our face in honor to Him who is worthy of adoration. When that happens – everything changes -- and people will take notice that we have been in the presence of the only true God—Jehovah. May we prepare a place to receive His glory.
